The British International School of Brussels

7 October 2022

Dear Parents,

We had a beautiful day for our school pictures! I raced back from my visit with my son at university in time for the individual photo, but just missed our all-school photo. The children were very excited. We will be sending the samples and ordering forms home as soon as we receive them.
I had chance to work in the Year 1 Class this week and enjoyed sharing a science lesson on the eye. We learned about the anatomy and physiology of our eyes. Ask your Year 1 student about the game we played called "Eye Spy". They loved it!

STEM Summit
The online STEM Summit (poster attached) will be held this Tuesday 11 October from 17.00-18.30. You can register for a link by completing this Google Form STEM Summit Sign Up. We are joining schools from the US and Denmark so we have a limited number of links to disperse. We will send them out on a first come first serve basis. The event is open to Year 2-6 students, but if we have more links available I will send an email on Monday for others to sign up.

This is a unique event that allows your child to interact with engineers and scientists from all over the world. There will be a welcome address, two 25-minute breakout room sessions and a science panel debate session.

Recorders and Music books
Please be sure to send your child to school with their recorder and music book on music class days. If you have issues, please contact the School office.

I Love Science Festival
This is a free festival next weekend in Brussels. You can learn more about it here
https://www.ilovescience.brussels/fr/home

Parent-Teacher Meetings October 17-21
These meetings will be held after school Monday through Thursday with additional meetings on Friday, when the children at not at school. Please find your invitations via email from the class teacher. There also may be information about these meetings in the attached Home School Letters. If you need to meet with your child's Music or French teacher please send an email to the school office.

There will be free childcare service offered in Acorn during your appointment time on Monday- Thursday, but not on Friday. Please note that children are not invited to these meetings, as it is a time for you to learn about how your child has settled in so far in this academic year. There will be other occasions for your child to share their learning process with you later this year.

Kind regards,

Dr. Doyle
BISB Headteacher
