

AFTER SCHOOL CARE/GARDERIE

1st May 2021

Garderie Service

To assist working parents, a Garderie service is available at the school each day from the end of school until 18.00.

Children are gathered together in a supervised area and encouraged to do homework, read or play creatively, depending on their age.

Any child not collected after the end of school or end of their after-school activity will be considered to be in Garderie and their parents will be charged accordingly.

There is a scale of charges for Garderie supervision as these are not covered by the normal school fees.

The current rate is 6 euros per hour but is subdivided into half hour periods after the first hour. Please contact School Office to enroll your child.
