

## AFTER SCHOOL CARE / GARDERIE

1<sup>st</sup> September 2022

### Garderie Service

To assist working parents, a Garderie service is available at the school each day from the end of school until 17.30.

Children are gathered together in a supervised area and encouraged to do homework, read or play creatively, depending on their age.

Any child not collected after the end of school or end of their after-school activity are considered to be in Garderie and their parents will be charged accordingly for every half hour.

There is a scale of charges for Garderie supervision as these are not covered by the normal school fees.

The current rate is 7 euros per hour and 3.50 euros for half an hour. Please contact School Office to enroll your child.
