

AFTER SCHOOL CARE/GARDERIE

2024-25

Garderie Service

To assist working parents, a Garderie service is available Monday through Friday from the end of school until 17.30.

This is the ideal opportunity for children from across the school to mix and enjoy spending time together, under the supervision of the Garderie teacher. They are encouraged to read and play creatively, depending on their age. They can play games and enjoy sport activities outside in the Acorn playground, where there is plenty of space for children of all ages.

There is a scale of charges for Garderie supervision as this is not covered by the normal school fees.

The current rate is 7 euros per hour but this is divided into half-hour periods. Please contact our School Office at schooloffice@bisb.org for more information or to register your child.
